

# HOST IN Portugal

Become our new host!

We are looking for someone who can start around September 19-20th and stay at least 1 or 2 months.

You will be hosting (greeting guests, answering questions, create a good vibe, promote surf activities, etc.) and doing housekeeping (take care of the outside/garden, and 2 days per week make the rooms that have a check-out and clean common areas). This role is 6 days per week with 1 rest day, free accommodation at the house with shared bathroom and kitchen, a surfboard and wetsuit are provided for free

What we expect: someone positive, full of energy, genuinely interested in learning new skills and helping out, in sharing and connecting with people from all over the World, and sharing our love for surfing, the ocean and nature, no matter your surf experience.

What you can expect from us: you will be provided with a clear list of the activities you are in charge of, and the time you are expected to be at the Surf House. We will show you everything on your first days and always remain available for any questions. You will have a private accommodation at the Surf House, shared bathroom, kitchen and free access to all house facilities, in addition to a surfboard and wetsuit to go surfing on your free time.

You should be at the Surf House between 9h-12h and 15h-17h, which are the moments when guests are the most active (surf lesson, rentals, check-in and out...). However, as the host of the house, living in the house, you should always be approachable and helpful if a guest needs an information at any time (when you are in common areas like garden, living room, etc). You will also find plenty of free time during the day to explore the area, go surfing, relax... and our hosts have always enjoyed joining guests for a surf, restaurant, drink or even parties, which is a great moment for you and contributes to your hosting role! A win-win :-)

Your activities (hosting and housekeeping) are detailed in a document we give you before your arrival at the house and discussed with us when we meet in person as we show you the place and everything you might need.
